WORKSHOP

“Environmental accounting and eco-balance for the management of protected areas”

14th of June 2010

Cimolais - Natural Park of Dolomiti Friulane (I)

PROGRAMME

The working group "Environmental performance evaluation and ecological balance" is the last one born in the Network of the Alpine Protected Areas (ALPARC). It was established to realize evaluation of the value of the services furnished by the ecosystems in the protected areas (also from an economic-monetary point of view) and to realize a common methodology for the realization of a model of ecological balance and environmental accounting of the protected areas.

Two workshops have been realized on the theme: " Indicators and efficiency of protected areas management

1) Dobbiaco / Toblach ,May 11-12th 2006

2) Cogne , May 10-11th 2007

The objectives of this Working group meeting are:

1 - to present activities of the working group

2 - to present the S.A.R.A. project

3 - to propose a common working methodology and evaluate the services furnished by protected areas

4 - to enable staff from different protected areas to meet and know each other.

Monday, 14th of June 2010

9:00	Arrival and registration of the participants	
9:30	<p>Start of the workshop</p> <p>Introduction ALPARC</p> <p>Introduction to the Workshop Presentation of the participants going round the table (current but also new members of the working group) Presentation of the objectives of the meeting</p> <p>Introduction to the topic and coordination</p>	<p>Welcome by the President of the Dolomiti Friulane natural park</p> <p>Elena MASELLI, PhD (ALPARC)</p> <p>Stefano SANTI, PhD (Director of Prealpi Giulie natural park) Graziano DANELIN, PhD (Director of Dolomiti Friulane natural park) Claudio LA RAGIONE, PhD (Director of Orobie Valtellinesi regional park)</p> <p>Professor Francesco MARANGON (Department of Economic Sciences University of Udine) http://diec.uniud.it/marangon</p>
10:30	A model of an environmental accounting for the system of the natural protected areas in Friuli Venezia Giulia	Francesca VISINTIN, PhD (Centre of Applied Theoretical Ecology, http://www.ceta.ts.it)
11:00	Questions and discussion	
11 :20	Coffee break	
11 :30	The value of the protected natural areas: the environmental accounting of the Natural Reserve Marina of Miramare (Trieste)	Maurizio SPOTO, PhD (Director of Natural Reserve Marina of Miramare) Sara FAMIANI, PhD
12 :00	Questions and discussion	
13:00	Lunch	
14:30	The value of the protected natural areas: the budget of sustainability of the Beigua park (Liguria)	Maurizio BURLANDO, PhD (Director of the regional natural park of Beigua)
15:00	Questions and discussion	
15:30	Economic and Social Impacts of Protected Areas on Rural Regions: evaluation and parameters	DI Dr.Daniel BOGNER, (Director Umweltbüro Klagenfurt) www.umweltbuero-klagenfurt.at
16:00	General discussion, conclusions and definition of a road map for the environmental accounting	
16:30	Conclusion	

Meeting place: meeting room in the House of the Natural Park Dolomiti Friulane in Cimolais (PN-Italy):

PARCO NATURALE DOLOMITI FRIULANE Via Roma, 4 - 33080 Cimolais (PN)
Tel. +39.0427.87333 Fax +39.0427.877900 - e.mail: info@parcodolomitifriulane.it
web: www.parcodolomitifriulane.it

Target group: members of the existing "Environmental performance evaluation and ecological balance" Working group and all interested persons responsible for **evaluation** in the alpine protected areas. Number of participants is limited to max. 50.

Languages: no simultaneous translation (working group). The meeting will mainly be hold in English but the staff of the Task Force (French, Italian and English spoken) will be at the disposal of the participants to translate when necessary.

Registration: the participants have to send the registration form back to ALPARC. Car-sharing possibilities are available by contacting the organisation.

Costs: Travel and accommodation are in charge of the participants. (Please book your accommodation by yourself. Practical information are provided in the registration form)

Thanks to Dolomiti Friulane Natural Park, which is hosting our meeting www.parcodolomitifriulane.it
